

Designation: Senior Scientist
Discipline: Drug discovery & Therapeutic validation
Division: Medicinal & Aromatic Division
Telephone: 0674-2557925 (O)
Email: atish_kumar1976@yahoo.co.in

Research Areas

BioMarker profiling, Drug discovery, Therapeutic validation, Toxicity study and Dose fixation, Instrumentation, Method developments of drugs, Bioassay study of different diseased conditions. Recent research activities: Alzheimer disease, Liver cirrhosis, Cancer biology, Immunomodulatory study, Diabetes-induced neurological disorders, Oxidative stress induced diabetes linking to inflammation, Study of marker proteins associated in different diseased conditions, Drug discovery & Therapeutic validation.

Brief account of Research & Publication

	Outside	National	At RPRC
Research Experience:	-	8 Yrs	6.3 Yrs
Research Project	-	2	14
Research Publications	-	11	9
Supervised/awarded M.Sc. Thesis:	-	-	11
Ph.D. enrolled	-	-	6
